DETAILED ACTION

Claim Rejections - 35 USC § 101

1. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

2. Claims 20 and 23 are rejected under 35 U.S.C. 101 because; the claimed invention is directed to non-statutory subject matter. It is note that the invention as claimed, in claims 20 and 23 are directed to a data recording medium on which a program for decoding and/or coding an image signal is stored; thus the medium defined in the specification (i.e., page 7, lines 21-23, and in Pub. No. 2005/0047506, paragraph 0024) as a CD-ROM and a transmission medium such as internet; therefore, such recording medium is non-statutory and fails to satisfy the Interim Guidelines for Examination of Patent Applications for Patent Subject Matter Eligibility, MPEP 2106.1.

Note: The 101 issue was discussed with applicant representative, Kenneth W. Fields (Reg. No. 52,430), through a phone interview on 9/29/2008; however applicant preferred to receive the final office action.

Allowable Subject Matter

3. Claims 1, 19 and 21 – 22 are allowed.
4. The following is an examiner's statement of reasons for allowance: The prior art of the record fails to anticipate or fairly suggest the steps of image decoding method including;

a first parameter calculation step; a second parameter calculation step; a judgment step; and particularly, a predictive pixel value generation steps; as recited in

the independent claim 1, and similar steps in newly added independent claims 19, 21 and 22.

Claims 2 – 18 have been canceled.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Contact

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
